Madras Medical Subordinate Service - Women's post filling of - Papers Recorded.

D.O.
Ref.No.44036-1-EI.

Office of the Surgeon General
with the Government of Madras.
Madras 6., dated 28-5-1948.

My Dear Hon'ble Sri Shetty,

In reference to our conversation the other day, I enclose herewith the statement showing the sanctioned appointments of Women doctors in the various districts in the Province excluding Madras City and the position as to whether they are filled or not. It will be observed from the statement that the total number of appointments of women doctors in the mufassal medical institutions is 151 (32 appointments of Women Assistant Surgeons (Class I) and 119 appointments of Women Assistant Surgeons (Class II) and the number of vacancies not filled up is 18 (1 in class I and 17 in class II). The only vacancy that remains unfilled in the cadre of women Assistant Surgeons (ClassI) is due to the non-availability of a woman doctor trained in Leprosy for appointment in the Lady Willingdon Leprosy Sanatorium, Tirumani, Attempts to secure the services of a trained woman doctor in leprosy have failed and it is therefo-- proposed to post a woman doctor on reserve duty at the Government Lady Willingdon Leprosy Sanatorium for training and then absorb her in the sanctioned appointment. As regards the appointments borne on the cadre of Women Assistant Surgeons (Class II) the vacancies are largely due to the scarcity of women doctors with Licentiate qualfication to take up appointment in the cadre of women Assistant Surgeons (Class II). In this connection reference is solicited to para 2 of my letter to Government Ref.No.105668-1-E2/47, dated 1st April 1948. As proposed therein an advertisement has been issued and the results of the advertisement will be reported to Government in the course of a fortnight.

Yours sincerely,

Sd S.L.Bhatia.

To
The Hon'ble Sri A.B.Shetty, B.A., B.L.,
Minister of Public Health and Medicines,
Fort St. George, MADRAS.
